

## **Fellowship under MoU with IOCL**

The university has an MoU with IOCL-R&D. Two ICJCB fellowships are available under this MoU. Candidates qualifying CSIR-NET are eligible for this fellowship. The Junior Research Fellowship amount is Rs. 38750/- per month + HRA while the Senior Research Fellowship amount is Rs. 43750/- +HRA. Besides this, a contingency grant of Rs. 20,000/- per year will be paid. The normal duration of fellowship is 4 years which can be further extended by one year at the discretion of IOCL.

Broad areas of research under this MoU are:

- Chemistry including synthetic and analytical chemistry
- Polymer Science/Technology
- Chemical Engineering
- Mechanical Engineering
- Biotechnology
- Nanotechnology
- Alternative Energy Sources
- Any other area of mutual interest

### **NOTE:**

- (i) **A Research Scholar having qualified CSIR-NET and admitted to the Ph.D. program in this university for research under broad areas as mentioned above can apply for this fellowship to R&D cell. The R&D cell will constitute a committee comprising university teachers and IOCL officials. Fellowship can be granted after approval from the committee.**
