Report

A five-day Faculty Development Program on "Skills Re-engineering in Research and Studies" began on 25.04.2023 at J.C. Bose University of Science and Technology, YMCA, Faridabad. The Program is being organized by the Department of Communication (CMT) and Media Technology in collaboration with the Research and Development Cell of the University. The program was inaugurated with the esteemed presence of Prof. Rajbir Singh, Vice Chancellor of Maharishi Dayanand University, Rohtak as the chief guest and Dr. Tripta Thakur, Director General, NPTI as the guest of honour. The session was presided over by Prof. S.K. Tomar, Vice Chancellor of the University. The program was inaugurated with traditional lamps lightning followed by a welcome note from the Chairperson incharge of the CMT Department, Dr. Pawan Singh Malik who welcomed all the participations and introduced them to the diverse wide range of topics that will a part of this exclusive program. He enlightened the FDP approach towards Skill Development and Holistic Approach in conquering the urging demands of NEP 2020. He extended congratulations remarks to the department faculties for organizing the first-ever Faculty Development Program as a "Testimony to the Education Imparting Commitment". Addressing the program, Prof. Rajbir Singh emphasized the significance of oral communication skills and written communication skills in research and studies. He elaborated on the three vital skills of education, i.e., hard skills, soft skills, and life skills, and their relevance in the current scenario. In his address, Vice Chancellor Prof S.K. Tomar emphasized the purpose of such developmental events as a vertical aspect to identify the works within the same field to develop interaction with their peer groups, and to build strong relationships for a better future. He stated aspects from his years of research in academic discourses, including the rampant rise in research facilities. He stated about the initiatives taken up by the university in recent years. In her remarks, Director General, NPTI, Dr. Tripta Thakur, enlightened the audience about "Panchmahabhuta" to change the way of looking towards life and to reflect the values for a new vision to create a better world. She elaborated on the contemporary trends of the changing global power and the recent shuffle of global powers. She affirmed PM Modi's vision to make India a superpower in the domain of energy sources. Earlier, Director, Research and Development Cell, Prof. Naresh Chauhan presented a statistical overview of the University's commitment to upskilling research facilities in the wide domains of education. He remarked about the patents, grants, and approvals for various upskilling projects under the University's Research and Development Cell. At the end of the session, Dr. Sonia Hooda, Assistant Professor proposed the formal vote of thanks to all the participants, dignitaries, and the audience.
