Date: 8-08-2019

ACTION TAKEN REPORT OF STAKEHOLDERS' FEEDBACK ON CURRICULA
(2018-2019)

The feedback on curricula was gathered from all the stakeholders (students, teachers, employers and alumni), For AY. 2018-19. Based on the analysis of the feedback, the following actions were taken:

- 1) Schemes and Syllabi of various technical courses have been revised as per AICTE guidelines for instance B.Sc. (Animation & Multimedia) item No.BOF/1/2.
- 2) As many as 4 VAC courses (Cement Building, Materials and their testing etc.), several FDPs and training programs and various workshops and seminars related to numerous upcoming trends of the industry have been organized by different departments from time to time.

Name of the value added courses offered	Duration of course	Number of students enrolled
Cement, Building Materials and their Testing	40 hours	55
Workshop on Basic Electrical & Home appliances	45 hours	15
Workshop on 3D Printer	45 hours	35
Workshop on Advance Networking	45 hours	24

- 3) 58 Teachers were provided various funds to attend conferences, workshops and towards membership fees of professional bodies.
- 4) Students were motivated to enroll themselves for MOOC courses related to their areas of interests. About 1230 students registered for different MOOC courses.
- 5) Expert Lectures/Workshops/FDPs from Academia and Industries have been organized by various Departments to understand the new and challenging technological requirements of the industry and also to enhance skills of students.

Name of Activity	Department	Duration	No. of participants
Invited talk on LDRA Software and Security Testing	Computer Engineering	9-02-2018	70
Refresher Course on Emerging Trends in Computer Science	Computer Engineering	08-01-2018 to 13-01-2018	50
MathMela 2018	Electronics Engineering	22-12-2018	200
Electronics Prasar	Electronics Engineering	19-09-2018	70
FDP on Intelligent Management of Renewable Energy Technologies	Electrical Engineering	18-01-2018 to 23-01-2018	52
FDP on Embedded World	Electrical Engineering	26-11-2018 to 30-11-2018	40
Expert Lecture on R.P.G.T. Techniques	Mathematics Department	19-02-2018	80
Quick Brain Mathematics	Mathematics Department	23-02-2018	100
Invited talk on Operations research and its Applications	Mathematics Department	26-02-2018	80
Expert Lecture on Mathematical Statistics and its Applications, Testing of Hypothesis, significance	Mathematics Department	16-03-2018	100
Short term course on Climate change and sustainable infrastructure development	Mathematics Department	04-06-2018 to 09-06-2018	80
One day seminar on Mathematics	Mathematics Department	14-09-2018	100
Two days' Workshop on MIG/MAG welding by IWS	Mechanical Engineering	19-01-2018 to 20-01-2018	
Industrial training by Pratt- Whitney on commercial engines	Mechanical Engineering	01-01-2018 to 05-01-2018	34
Industrial visit to Industry M/S GN Pranav Vikash	Mechanical Engineering	24-01-2018	38
Official visit to AKGEC	Mechanical Engineering	01-01-2018	
Industrial visits by students (34) to Classic automation FBD	Mechanical Engineering	22-03-2018	34
Three days' workshop on VLSI	Mechanical Engineering	28-08-2018 to 30-08-2018	

Workshop of Syllabus revision in Year 2018 as per AICTE model curriculum	Mechanical Engineering	08-05-2018	40
Invited talk on "Natural Disaster Management"	Environmental Sciences	11-10-2018 to 12-10-2018	70
Seminar on "Disaster Management and Cleanliness"	Environmental Sciences	22/10/2018	160
6 days STC on "Climate Change & Sustainable Infrastructure Development"	Environmental Sciences	04-06-2018 to 09-06-2018	58
invited talk on "Mathematical Modelling on Atmospheric Pollution"	Environmental Sciences	13-03-2019	50
Two Days Twinning Workshop on on Surveying and GIS in Civil Engg.	Civil Engineering	11-02-2019 to 12-02-2019	90
Two Days Twinning Workshop on Structural Design and Project Management in Civil Engg.	Civil Engineering	13-03-2019 to 14-03-2019	94
Skill Training on Load Stiffness Tester (Startup Project)	Civil Engineering	14-03-2019	40
One week training course on "Cement, Building Material and testing" for B.Tech Civil Engineering students	Civil Engineering	07-01-2019 to 11-01-2019	51
FDP on Data Science and Big Data Analytics	Computer Engineering	28-08-2018 to 01-09-2018	50

- 6) To help students with better placements, various group discussion sessions and Personality Development Programs have been organized by TPO.
- 7) Different B.Voc. Courses related to Web Development, Manufacturing, Automobiles etc. were started to support societal skill development.
