NBA Accreditation to Four Programs

J.C. Bose University of Science and Technology, YMCA, Faridabad has again provided itself on the quality parameters of Technical Education as four engineering programs of the University have received re-accreditation from National Board of Accreditation (NBA). The accreditation granted by the NBA to University programs reflects the quality of Technical Education being imparted by the University and strengthens the University's vision to become a globally acclaimed Institute in Technical Education.

The Vice-Chancellor Prof. Dinesh Kumar has acknowledged the efforts made by respective NBA Coordinator Prof. Komal Bhatia, Co-coordinator Dr. Neelam Duhan and respective Chairpersons, and congratulated all the faculty and staff members for this great achievement. He said that with the accreditation of various engineering programs, the graduates of this University will get "substantial equivalency" in several countries including the USA and UK. The NBA has granted accreditation to four Undergraduate Programs posed by the University under Tier-1 format for the period of 3 years. The programs which have been granted NBA accreditation include B.Tech in Computer Engineering, Mechanical Engineering, Electrical Engineering and Electronics & Electronics Instrumentation & Control Engineering.

The accreditation is in line with the Washington accord to which NBA is a signatory. In compliance with Washington accord, graduates of NBA Tier-1 accredited programs from J.C. University will be globally recognised by the other signatory countries, which include Australia, Canada, Taiwan, Hong Kong, Ireland, Japan, UK and USA as having met the academic requirements for entry to the practice of engineering in those countries. NBA is an autonomous body that periodically evaluates technical institutions and programs according to specified norms and standards recommended by AICTE. As a part of the accreditation process, an NBA expert team visited the campus on February 25, 2021 and evaluated our Departments of the University. The NBA Expert Team assessed the University on its parameters and key aspects during its visit and inspected all the facilities like labs, workshops, libraries and other student support services and had extensive interaction with faculty, students, alumni, parents and senior functionaries of the University, besides examining all records maintained by the University.

J.C. Bose University Partners with Meity Stpi to Boost Blockchain Startups

The start-up initiatives of J.C. Bose University of Science and Technology, YMCA, Faridabad has received a major boost as the Software Technology Parks of India (STPI) under Ministry of Electronics and Information Technology (MeitY), Govt. of India, has tied-up with the University as an Academic Partner for its Apiary, a Centre of Excellence in Blockchain Technology at STPI Gurugram, Haryana. The University's Department of Computer Engineering will act as a Nodal Department to conduct and promote research and collaborative activities on blockchain between both partners.

The MoU was signed by Registrar Dr. S.K. Garg from J.C. Bose University and Additional Director Mr. Sanjay Kumar from STPI. Expressing pleasure over the tie-up, the Vice Chancellor Prof. Dinesh Kumar said that the collaboration would give a boost to the University's startup initiatives as the University has recently set-up a Business Technology Incubation Centre to encourage students towards entrepreneurship and to support their innovative ideas into successful start-ups. STPI Apiary and University can play vital roles in providing solutions to the local industries by the way of conducting joint research, he added. The STPI Apiary, a Centre of Excellence in Blockchain Technology, is an initiative of MeitY, to identify and evaluate promising start-ups in the field of Blockchain Technology.

Republic Day Celebration

The J.C. Bose University of Science and Technology, YMCA, Faridabad celebrated 72nd Republic Day with patriotic fervour and gaiety. The Vice Chancellor of University, Prof. Dinesh Kumar hoisted the Tri-colour in the University premises. The Vice Chancellor also took the salute at an impressive march-past presented by the Security Officials, NCC Cadets and NSS volunteers of the University

University Signs MoU to Set-Up Royal Enfield's Training Centre

J.C. Bose University of Science and Technology, YMCA, Faridabad has signed a Memorandum of Understanding (MoU) with the world's leading two-wheeler manufacturer – Royal Enfield, a unit of Eicher Motors Limited, to provide training in various categories of two-wheeler maintenance and service on 02/02/2021. The Royal Enfield will set up a State-of-the-Art 'Royal Enfield Service Training Cell' (Centre of Excellence) in the University premises at Faridabad. This Training Cell will be the first of its kind in Haryana and expert trainers from Royal Enfield will be available at the centre to provide training to the students.

On behalf of the University, the Registrar Dr. Sunil Kumar Garg signed the MoU. The Chairperson of Mechanical Engineering Prof. Rajkumar, Dean – Institutions Prof. Tilak Raj, Dean - Placement, Alumni and Corporate Affairs Prof. Vikram Singh and Director – Industry Relations Dr. Rashmi Popli were also present on this occasion. From Royal Enfield, Head - Customer Experience Mr. Arindam Chakraborty signed the MoU.

The Vice Chancellor Prof. Dinesh Kumar has expressed pleasure over the industrial tie-up to provide industry specific technical skills to the students of Mechanical Engineering and to enhance their employability. He said that the University is promoting such industry-academia partnership to fill the skill gap required for employment by providing them with a holistic and job-centric learning environment. It would also address the need of the industry to have skilled people, he added.

National Youth Day

To commemorate the 158th birth anniversary of Swami Vivekananda as National Youth Day, the J.C. Bose University of Science and Technology, YMCA, Faridabad, organized various programs in online mode which include expert talks, webinar and National Level Poetry and Art competition on 12th January 2021.

An online expert talk by Yogacharya Prof. Subramanian AnantaVenkata, Director of Adhyatma Yoga Academy, Bangalore and webinar on 'Stress Management' by acclaimed International Yoga trainer Dr. Kush Panchal were organized. The events were conducted by Vivekananda-Manch and NSS Cell of the University. More than 300 students participated in these events. Earlier, NSS Coordinator Dr. Pradeep Dimri welcomed the expert speakers. In his message to the students on National Youth Day, the Vice Chancellor Prof. Dinesh Kumar said that Swami Vivekananda's teaching has always been relevant to the youth, adding that character building was the core tenet of Vivekananda's teaching.

'Electronics Prasar'

J.C. Bose University Organized 'Electronics Prasar' Event for Girl Students on 10/02/2021.

Prof. Dinesh Kumar said that our daughters are our future. There is no goal that they cannot achieve with their energy and strong determination. Therefore, the society should support them to come forward in the field of science and technology. The Vice Chancellor Prof. Dinesh Kumar was addressing a programme 'Electronics Prasar' held in the University Auditorium organized by the Department of Electronics Engineering and office of Dean Student Welfare in collaboration with VigyanPrasar, an autonomous body under Department Science and Technology, Government of India. The event was organized to impart basic knowledge of science and engineering to the girl students through a practical workshop so as to compensate their loss of studies occurred during the Corona Pandemic. About 50-50 students each from GCSSS, Sector-8 Faridabad and GCSSS, Ballabgarh between 9th and 12th classes participated in the workshop. All the students were provided 100 Basic Electronic Kits free of cost through VigyanPrasar.

New Students' Council

In order to give representation to students in various activities for institutional development and student welfare, J.C. Bose University of Science and Technology, YMCA, Faridabad today constituted a new Students' Council for the year 2020-21 on 26/02/2021.

The Vice Chancellor Prof. Dinesh Kumar today met the office-bearers of the newly constituted Students' Council at his office. The Vice Chancellor congratulated the new office-bearers on their selection for the Students' Council.

University to Provide Digital Learning Solutions to Government Polytechnics

J.C. Bose University of Science and Technology, YMCA, Faridabad has come forward to assist and provide its digital learning solutions to Government Polytechnics and Colleges under the Department of Technical Education on 15th May 2021. The Vice Chancellor Prof. Dinesh Kumar has assured the Principal Secretary of Technical Education and Higher Education, Government of Haryana, Sh. Anand Mohan Sharan to help the Department in introducing Digital Learning Management System for Government Polytechnics and Colleges. Sh. Anand Mohan Sharan was Chief Guest in the valedictory function of twoday National Technology Day event which was organized by the Department of Computer Engineering of the University in association with Haryana Science and Technology Department. Registrar Dr. S.K. Garg, Chairperson of Computer Engineering Department Dr. Komal Kumar Bhatia and Director, Computer Centre and Digital Affairs Dr. Neelam Duhan were also present on this occasion. The two-day event was attended by 576 students representing more than 35 Colleges and Schools spanning 13 States across the Country.

The Vice Chancellor apprised the Principal Secretary about the digital initiatives taken by the University during pandemic like University owned Digital Learning Management System (DLMS), Oxygen Re-filling Management System and COVID Helpdesk (https://jcboseust.ac.in/content/covid_desk), a collection of resources like plasma, hospitals, beds with oxygen supply and others that get constantly updated in real time to serve the needy in the ongoing pandemic. Due to the digital initiatives, the University has not only streamlined its Teaching-Learning process during pandemic but has also been able to conduct its exams on time, VC added. Addressing the valedictory programme Sh. Anand Mohan Sharan applauded the digital Initiatives taken by the University such as COVID Helpdesk, Oxygen Re-filling Management System and DLMS, in particular. He said that with the implementation of systems like DLMS in Polytechnics and Colleges, it would not only streamline Teaching-Learning but also save the Government resources.

JIVISHA

Tele-Consultation Helpline
For Medical/Mental Health Support
"We respect your privacy"

An Initiative by: District Administration

In Collaboration with: ePsyClinic J.C. Bose UST, YMCA with YMCAMOB Alumni Association Indian Medical Association

In order to provide physical and mental health support services to the people of Faridabad, District Administration Faridabad has launched a dedicated Tele-consultation Helpline 'JIVISHA' manned by trained professionals during Covid-19 Pandemic. The helpline mechanism is backed by J.C. Bose University of Science and Technology, YMCA, Faridabad. Also, the helpline mechanism is being facilitated by ePsyClinic, an online platform enabled with text, audio and video chat facility with psychiatrists or psychologists.

After the success of Oxygen Re-filling Management System Faridabad, this is the second collaborative initiative between JC Bose University and District Administration Faridabad which has been launched. Dr. Rashmi Chawla from Department of Electronics Engineering of J.C. Bose University is the nodal officer in the project and it is being coordinated by the Chairperson of the Department Prof. Neelam Turk along-with Ms. Manju Kumari and student volunteers. YMCA MOB – the Alumni Association is also supporting the initiative with its resources. The Vice Chancellor Prof. Dinesh Kumar applauded the efforts to support another meaningful initiative with District Administration, and said that being a leading Technical University of State; it is our duty to provide technical solutions and support services to society and administration. The uncertain situation prevailing in the wake of Pandemic has caused widespread concern, fear, stress and depression among people, especially youth about their future. Keeping in view of this, there is an urgent need to address the mental health issues of people in order to build a healthy society.

Deputy Commissioner Yashpal said that the negative effects of the pandemic have been seen on physical health as well as mental health and urged the people to take benefit of the helpline services for their physical and mental health issues. Detailing about the initiative, SDM Balabgarh Ms. Aprajita said that the pandemic has underlined the need for inter-sectoral coordination and collaboration among all key stakeholders to combat major public health issues. The Administration has started a Tele-consultation Helpline with toll free number 18008911008 (Physical Support) and 01141219298 (Mental Health) to provide support services for physical and mental health to the people of Faridabad. To avail the facility, the persons have to provide voter ID details on the helpline number. The helpline is aided by trained professionals including experienced Psychiatrist and Psychologist consultants from Indian Medical Association. Also, the helpline mechanism is backed with ePsyClinic which is a free 24x7 online Mental Well-being and Health Care Clinic, she added.

For registration, patient's Aadhar card and SPO₂ value with proof are mandatory* Carry residential proof in case Aadhar Card is not available

It's an effort to streamline the distribution of Oxygen for home isolated patients of Faridabad district who need oxygen cylinders. After sorting of documents, patients would be directed to appropriate plant from where they can get their cylinders filled after paying nominal charges fixed by government.

#StopCovid spread
Proper hygiene stops the spread of the virus

The huge demand for oxygen in the wake of the second wave of COVID-19 has increased the importance to develop a well-managed system to ensure the availability of oxygen to the needy patients. J.C. Bose University of Science and Technology, YMCA, Faridabad has once again taken a meaningful initiative to help COVID patients struggling for oxygen.

The University in association with District Administration Faridabad and its Alumni Association- YMCA MOB has developed an Oxygen Refilling Management System. Through this System, the family member of patient in need of Oxygen would have to register for which the registration link (<https://forms.gle/weYXvXuF7uVB87gw6>) will be made available on the District Administration website. For registration, the patient would have to submit its Aadhar card details along-with SPO₂ value. With this initiative, the family members of the Covid patient would not have to run around and wait in long queues to fill the oxygen cylinder. Expressing pleasure over the initiative for noble cause, the Vice Chancellor Prof. Dinesh Kumar said that JC Bose University always given priorities to its social responsibilities.

Award for Contribution During Covid-19 Lockdown

The Haryana Red Cross Society and Faridabad District Administration has acknowledged the sincere efforts by the officials of J.C. Bose University of Science and Technology, YMCA, Faridabad, and awarded them with 'Certificate of Appreciation' and medals for their support and contribution during the lockdown period of Covid-19 Pandemic from March to May, 2020. The University has also received a trophy for the same.

The officials were awarded with the certificates by Ms. Sushma Gupta, Vice Chairman of Haryana Red Cross Society, Chandigarh Branch in an award function organized today in the University premises.

National Conference on Advances In Civil Engineering And Environmental Sciences

A two-day National Conference on the 'Advances in Civil Engineering and Environmental Sciences' (ACEES - 2021), jointly organized by the Department of Civil Engineering and Department of Environmental Sciences of J.C. Bose University of Science and Technology, YMCA, Faridabad began here on 14/01/2021. About 150 participants consisting of researchers, faculty members, industry experts and students from different parts of the country are participating in this conference.

The Vice-Chancellor of Kurukshetra University Prof. SomNathSachdeva was the Chief Guest in inaugural session of the Conference which was presided over by Vice Chancellor of the University Prof. Dinesh Kumar. Senior Principal Scientist of CSIR-NEERI Delhi Zonal Centre Dr. S.K. Goyal, Prof. K. N. Jha from IIT, Delhi and National President of Indian Building Congress (IBC), New Delhi Mr. Pradeep Mittal were keynote speakers in the inaugural session.

Speaking on this occasion Prof. Som-Nath-Sachdeva, who is also an eminent professor of Civil Engineering, said that Civil Engineering, being the oldest branch, plays a significant role in physical development of the country that contributes towards economic growth in a big way. While highlighting the architectural importance of historical monuments of the country.

Two-week long a Value-Added Course on Building Blocks of Programming

The Department of Computer Engineering of J. C. Bose University of Science and Technology, YMCA, Faridabad has successfully conducted two-week long a Value-Added Course on Building Blocks of Programming on 29/01/2021. The course was hosted by GeeksMan, the Technical Club of the Department under the funding umbrella of TE-QIPIII. As many as 750 students attended this course.

During the program, a total of 10 participative sessions were conducted. The valedictory session of the program was attended by the Vice Chancellor Prof. Dinesh Kumar as chief guest. A website of GeeksMan Club was also launched on this occasion. Prof. Dinesh Kumar congratulated the department on successful completion of the value-added course and for launching the website and added that the department has taken a very good initiative for the technical advancement of the students at a very beginning stage of their learning. He appreciated the student's club for their efforts to develop the website and encouraged all the students to do hard work to achieve great milestones in their lives.

Prof. Komal Bhatia thanked all the industry experts Mr. Prateek Narang from Google, Mr. Sumit Prasad from Amazon and Mr. Mohit Uniyal from coding blocks for delivering the wonderful and interesting sessions for participants.

Value-Added Course on Transmedia Storytelling

A Value-Added Course on Transmedia Storytelling organized by the Department of Liberal Arts and Media Studies (LAMS) of J.C. Bose University of Science and Technology, YMCA, Faridabad began on 08/02/2021. As many as 300 students are being attended the course. Many students from different Universities showed active participation in the event and grabbed a lot of knowledge.

The inaugural session of the program was presided over by the Vice-Chancellor Prof. Dinesh Kumar. Assistant Director of All India Radio, New Delhi Sh. Jainendra Singh and Professor of English in National Law University, Dwarka, and Director of Centre for Endangered languages Prof. Prasannanshu Jain were keynote speakers in the inaugural session which was also attended by Registrar Dr. S.K. Garg and Chairperson of LAMS Dr. Atul Mishra. The event is being coordinated by Associate Professor in English Dr. Divy-ajyoti Singh.

The Course commenced with the welcoming note delivered by Vice-Chancellor Prof. Dinesh Kumar who highlighted the importance of this course for students from various disciplines. Addressing the session, Mr. Jainendra Singh focussed on elaborating the concept of transmedia storytelling which is not very popular. He underlined the difference between Cross-media and Trans-media storytelling.

Tame-2021

A two-day International Conference on "Trends and Advances in Mechanical Engineering" being organized by the Department of Mechanical Engineering Department of J.C. Bose University of Science and Technology, YMCA, Faridabad concluded today. Over 100 participants from across the country and abroad attended the Conference on 19/03/2021.

On the second day of the conference, Neeraj Kumar Mittal, Chief Operating Officer in Supreme Treon Ltd was chief guest in the valedictory session. Dr. Rakesh Yadav, Principal Research and Development Engineer from Ansys Inc., USA, M.R. Qureshi, King Khalid University, UAE, Suresh Perinjery, Partner Technical Manager at PTC India, Prof. Sunand Kumar from NIT, Hamirpur and Prof. Mahender Kumar from DCRUST, Murthal were keynote speakers on the second day of conference.

Addressing the valedictory session, Conference Chair Prof. Raj Kumar welcomed the chief guest and briefed about the department and conference theme.

Conference Conveners Dr. Sanjeev Kumar summarized the conference report and apprised that during the two-day conference, about 70 research papers were presented during six technical sessions, out of these as many as 34 papers were presented in physical mode while about 35 papers were presented in online mode.

Seminar on 'Technological Advancements for Sustainable Development'

J.C. Bose University of Science and Technology, YMCA, Faridabad, in assistance with Haryana State Council for Science and Technology, today organised a national seminar on 'Technological Advancements for Sustainable Development' to mark the 'National Technology Day' which is celebrated every year on May 11 to commemorate the history of India's technological innovations and excellence. The session was attended by more than 500 participants all around the country.

The seminar was part of the two-day event being organized by the Department of Computer Engineering. Prof. Lalit Awasthi, Director, B. R. Ambedkar National Institute of Technology, Jalandhar and Dr. Prabhat Manocha, Director, Government Industry, India/ South Asia-IBM were keynote speakers in this seminar. The session was presided over by Vice Chancellor Prof. Dinesh Kumar. Programme commenced with the introductory note by the Chairperson of Computer Engineering Prof. Komal Kumar Bhatia who welcomed the invited speakers and briefed about the programme.

Speaking on this occasion, Vice Chancellor Prof. Dinesh Kumar spoke about the relevance of National Technology Day and its importance in present times. He said that the National Technology Day is celebrated to commemorate achievements of our scientists and technocrats for their contribution to bring Innovation and Technological advancement in the country. On this day, we should take pledge to make our country self-reliant in all the areas where we are lagging behind.

Prof. Dinesh Kumar also acknowledged contributions being made by University's student volunteers during pandemic and spoke about University's role in the social initiatives like Covid-Helpdesk and Oxygen Refilling Management System. He urged the students to use the technology for the betterment of the society.

Value-Added Course on Transmedia Storytelling

J.C. Bose University of Science and Technology YMCA, Faridabad in collaboration with Virtual Labs of Indian Institute of Technology, Delhi organized a one-day hands-on workshop for students and faculty members to provide experience on the features of Virtual Lab utilities. The workshop was conducted by the Computer Centre and Digital Affairs Cell (UCCDA) of the University with the technical support provided by the expert from IIT, Delhi. The workshop was attended by over 1200 participants comprising all deans and chairpersons, faculty members, research scholars and students of the university. The core objective of the workshop was to provide remote access to Labs in various disciplines of Science and Engineering. The inaugural session of the workshop was presided over by Vice-Chancellor Prof. Dinesh Kumar and enlightened the students that learning should not be stopped, be it in any circumstances and that the university would continue to provide all the benefits to the students. He emphasized that with the help of these virtual labs, students could now conduct experiments. This would help them in learning basic and advanced concepts through remote experimentation, he added. The Vice Chancellor also appreciated the efforts of University Computer Centre and Digital Affairs Cell for organizing such workshops to promote remote learning.

Addressing the session, Registrar Dr. Sunil Garg stressed the importance of practical implementation of the theoretical concepts to have a deeper understanding and assured that the University would take up such initiatives for the benefit of the students and faculties. Chairperson of Computer Engineering Prof. Komal Kumar Bhatia was also present on this occasion. Director, Computer Centre and Digital Affairs Cell Dr. Neelam Duhan said that the University promotes such initiatives where the students can avail themselves of the various tools for learning, including additional web resources, video lectures, animated demonstrations, and self-evaluation.

THE TRIBUNE

VARSITY, ROYAL ENFIELD INK PACT

Faridabad: The JC Bose University of Science and Technology, YMCA, has signed an MoU with Royal Enfield, a unit of Eicher Motors Limited, to provide training in various categories of two-wheeler maintenance and service. A state-of-the-art service training cell (Centre of Excellence) will be set up on the campus. Registrar Sunil Kumar Garg and Royal Enfield customer experience head Arindam Chakraborty signed the MoU. Vice Chancellor Dinesh Kumar said the university was promoting industry-academia partnership to fill the skill gap required for employment by providing them with a holistic and job-centric learning environment. It would also address the need of the industry to have skilled people, he added.
