JC BOSE VARSITY TO HOLD 'TECHSHAALA'

Faridabad: The JC Bose University of Science and Technology, YMCA, Faridabad, will organise an event titled 'Techshaala' under the theme "Smart engineering for a better world" to mark the celebration of 55th Engineer's Day on September 15, which is celebrated every year on the birth anniversary of Sir Mokshagundam Vishveshwarayya. The event is being convened by the department of electronics engineering. Dr Rashmi Chawla, the convener of the programme, said under the theme, university students can represent their ideas and research work through project and paper presentations in crucial sectors of agriculture, healthcare, and upcoming technologies. Also, it is planned to install an e-waste bin on the campus to collect electronic waste. Further, the electric waste collected through the e-bin will be recycled under the commercial skill development programme, which aims at imparting commercial skills to school students.
