ACADEMIC BANK OF CREDIT FACILITY

Faridabad: The JC Bose University of Science and Technology, YMCA, Faridabad, has decided to provide mobility to students through academic bank of credit for its various skill courses being run under the community college of skill development. Academic bank of credit (ABC) is a digital bank that holds the credit earned by a student in any course. Revealing this VC, Prof SK Tomar said as the introduction of the ABC comes under the National Education Policy 2020, the system will help those students who exit the course in between and the credit earned will be deposited to their account. After the accumulation of credits, the student could redeem these to get any academic degree from the registered higher education institution across the country.
