**Report of Presentation Competition on Commerce Day
Held on 10th Nov 2022**

The Department of Business Studies, celebrated National/World Commerce Education Day on 10th November, 2022 to acknowledge the invaluable contribution of Commerce in the world at large and to expand the horizon of Commerce Education under the guidance of Chairperson Dr. Manisha Goel. On this occasion, the department has organized a "Presentation competition" coordinated by Dr. Pallavi Mahajan, faculty Department of Business studies.

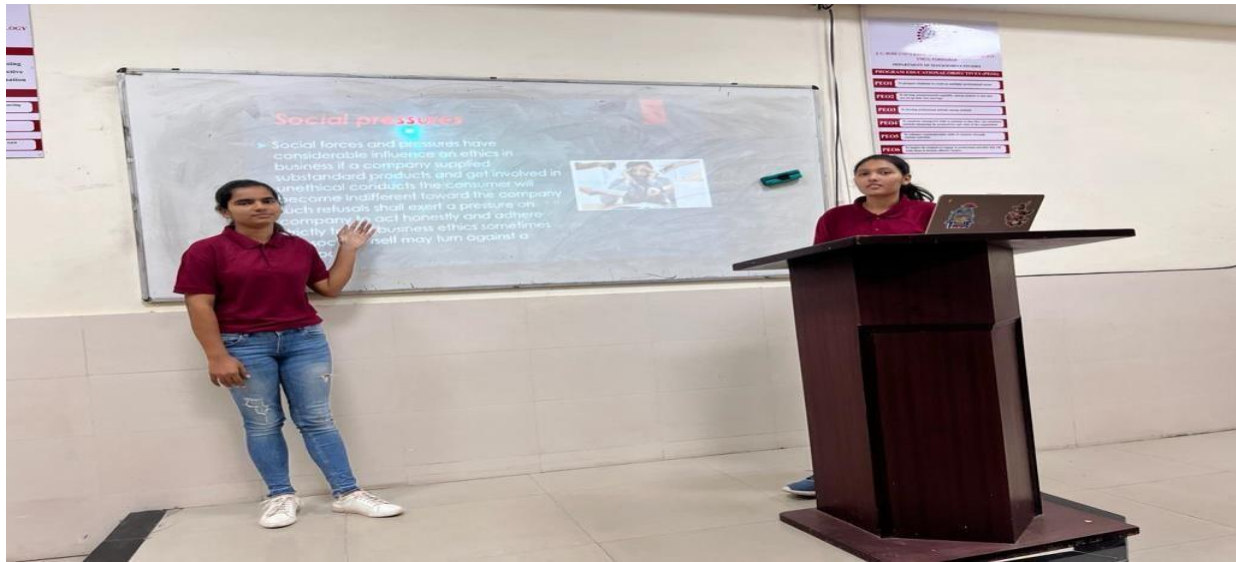

The students of B com (H) have participated with great zeal and enthusiasm. 20 students participated in the competition and presented their views on different issues of commerce and industry such as, SIT, SIP, SWP; Role of SEBI in investor protection; Mergers and acquisition in banking sector; and Ethics in business.

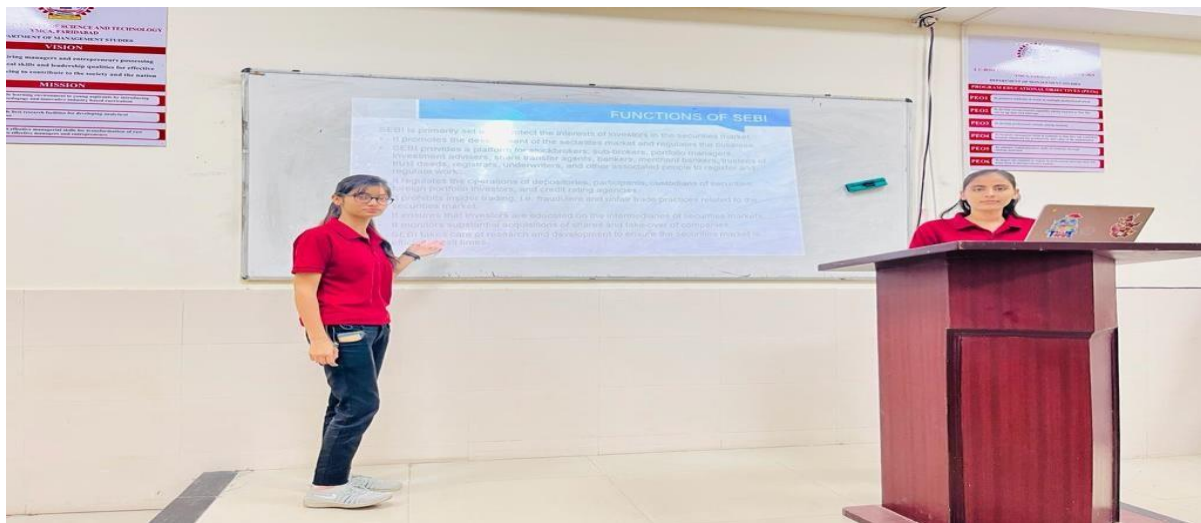

Sanya, Shikha, Shiva Yadav, Sneha Gupta and Surbhi Verma gave presentation on the topic “Mergers and Acquisition in banking sector”. In the recent times, the trends of mergers and acquisitions in India have been altered. In several segments of the economy, effects of the mergers and acquisitions have been diverse. Banking is the central pillar of the economy. A main part of the banking sector in India is government-owned, though there are also private minority shareholders in some of these banks. Banks are stimulated to gain global reach and better synergy through bank mergers and also allow greater banks to obtain the stressed assets of smaller banks. Abolition of competition between the banks is another aspect for bank mergers. By doing this considerable amount of funds used for supporting competition can be used for the growth banking business. Sometimes, a bank with a big bad debt portfolio and poor revenue will merge itself with another bank to seek backing for survival. Merger in India between unviable banks should grow quicker so that the weak banks could be reformed providing continuity of employment with the working force, operation of the assets blocked up in the unviable banks and adding beneficially to the prosperity of the nation through increased flow of funds.

Tamanna, Tanya, Tisha, Tushar and Varsha took the topic “Ethics in Business”.

Ritik Saini, Rudraksh Kapoor, Sanjana, Sanjana and Sanjana present the topic “Role of SEBI in investor protection”. Investors are the pillar and skeleton of securities market and their protection is the paramount consideration of SEBI. The rule of Caveat Emptor, ‘Let the Buyer Beware’ is though applicable in business laws, but can’t be applied blindly in capital market scenario since the financial products of investment here are not in form of some physical assets, and are rather securities or shares which are credited and debited in a DEMAT form, therefore the number of authorities like RBI, SEBI, MCA, MoF, come with relevant rules and guidelines and often function together for investors protection.

SEBI especially being the official regulator of securities market, the redressal of investors grievances after the scam constitutes to be the most herculean task for any regulator.

It was a great learning experience for the students of Bcom (H), as they explore all the aspects of SEBI, business ethics, mergers and acquisition, etc. and enhanced their knowledge in these areas.

**List of Participants in Presentation Competition
on Commerce Day Held on 10th Nov 2022**

S.no.	Name of Student	Topic
1	PREETIKA RAINA	SIP ,STP, SWP
2	PRIYANSHI MANDERNA	SIP ,STP, SWP
