The aim of the event was to pay tribute to great philosopher Dr. S.Radhakrishnan on his birth anniversary. The event intended to celebrate the invaluable contributions of teachers to society and to resound their role in promoting teamwork, cognitive growth, student engagement, promote critical thinking and problem-solving skills among students.

Preliminary Round:

A total of 31 teams consisting 3 members each, enthusiastically participated in the competition. Various activities such as Puzzles, Scramble, Dumb Charades, AD-Mad, SUDOKU etc.

The competition involved multiple elimination rounds designed to progressively narrow down the field of participants. Teams competed in a series of time bound problem-solving challenges, such as Scramble game. 16 teams qualified the preliminary round and reached to the next stage.

Semi-Final Round:

The qualified 16 teams from the preliminary round faced more complex and intricate challenges. Teams had to demonstrate their ability to think critically, collaborate effectively, and solve a wide range of mind games such as Dumb Charades and Ad-Mad activities. Only Five teams with the best performance progressed to the final stage.

Final Round:

The top Five teams battled it out in a series of intense mind games and puzzles. The final round aimed to push the participants' cognitive abilities to their limits. The team with the highest cumulative score at the end of this round emerged as the winner of the Mind Game Competition.

After a fiercely competitive final round, team of Nishu, Muskan Chhabra and Mukul emerged as the winner of the Mind Game Competition. They showcased exceptional problem-solving skills, teamwork, and a keen understanding of the mind games

presented in the final stage. The winning team displayed exemplary analytical thinking and strategy execution.

In conclusion, “Mind Game” Competition, featuring elimination stages leading to a thrilling final round, successfully achieved its objectives of promoting teamwork, intellectual growth, and cognitive skill development. The competition not only provided participants with an engaging experience but also highlighted the importance of critical thinking and problem-solving in a competitive environment.

Detail Result of “Mind Game”
