Detailed Activity Report	<p>Department of Environmental Sciences, J.C. Bose University of Science and Technology, YMCA, Faridabad organized an expert lecture on "Environment and Health" on 12th October, 2023. Dr. Sushmitha Bhaskar from Discipline of Environment Studies, School of Inter-disciplinary and Trans-disciplinary Studies, IGNOU, New Delhi, was the resource person.</p> <p>This lecture was the first one in the "Expert Lecture Series" initiated by the Department. The event was coordinated by Dr. Anita Girdhar, Assistant Professor and coordinator of the program under the guidance of Dr. Renuka Gupta, Chairperson Incharge, Department of Environmental Sciences.</p> <p>Dr. Sushmita highlighted the current environmental issues- environmental degradation, deforestation, habitat loss, microplastics in ocean, in food as well as in infants body and their adverse impact on human health through examples both from within India and countries abroad.</p> <p>She discussed the report of Intergovernmental Panel on Climate Change (IPCC)2022 and 2023 outlining the chemical changes and efforts to be taken to mitigate climate change. She stressed on the significance of reducing carbon emissions, promoting green energy and conserving natural resources like wetlands and forest to promote health. She also emphasized on the need to adopt Sustainable Development Plan and to develop smart cities with smart initiatives. She concluded that only collective efforts of government and public together can bring change.</p> <p>The lecture was attended by faculty members, PG students and Research Scholars of the department. Session ended with vote of thanks extended by Dr. Anita Girdhar.</p>
