Sub: **Regarding generation of APAAR IDs for all the students admitted during the academic session 2021-22 and onwards**

As instructions received from NEP Cell, APAAR Ids are to be generated for all the students admitted during the academic session 2021-22 and onwards. As part of the transformative vision for the Indian education system, University has introduced the Automated Permanent Academic Account Registry (APAAR) ID for all students admitted during the session 2021-2022 and onwards. The APAAR ID embodies the vision of "One Nation, One Student ID," ensuring a unified and accessible academic experience for students across India. This lifelong academic passport consolidates all achievements and credentials of a student in one place.

APAAR assigns a unique and permanent 12-digit ID to every student, offering a comprehensive record of their academic achievements, including degrees, scholarships, awards, and other credits. This identifier remains with the student throughout their educational career, fostering a seamless transition from one level of education to another.

Benefits to Students:

2. **Streamlined Student Records:** Simplifies record-keeping for students, parents, and educators.
3. **Digital Repository:** Securely stores academic data and achievements.
4. **Seamless Academic Mobility:** Facilitates smooth transitions between educational levels.
