Dear Esteemed Colleague

Greetings from National University of Science & Technology, Oman. It is our pleasure to nominate you as one of the reviewers of the Research Grant project that was submitted to The research council of Oman for funding. Since you are not currently included as the reviewer in the TRC portal, we request you to register with TRC as a new reviewer by following the process mentioned below

For registration as new Reviewer:

*Login to TRC website > Oman research portal > Reviewer registration > a registration page will appear automatically > fill in your registration details (**Make sure to enter an active email**)> RIMS will generate user name and password for you and it will be sent to your email*

** If you already a researcher registered in RIMS, please provide the same email in reviewer registration*

Note: After login, you have to update your profile (edit option next to your name) by filling all mandatory fields, click submit, choose active and done

Upon completion of the registration process, we will forward the research proposal through RIMS (TRC) to you for the review. We kindly request your help to review the project. As a token appreciation, we are honoured to provide an honorarium of \$100 (40 OMR) for your assistance in reviewing the proposal

Please feel free to contact me for any further clarification

Kind regards

Prof KP Ramachandran
Directorate of Research and Innovation
National University of Science & Technology
