## Important Notice for Students

### **Sub: Clarification regarding results being declared for the Odd semester examination held in Dec 2020/Jan 2021**

Reference the end semester examinations held in Dec 2020/Jan 2021 and the results being declared on the University web-portal, various queries are being received from the students w.r.t these results. In this regard, all the concerned students are hereby clarified as follows:

a) The subject paper(s) for which marks (sessional/practical/test etc) are still awaited, are being shown as "RLA" i.e. result awaited. The concerned have already been informed to submit the awaited marks. As soon as receives, the result will be updated accordingly.

b) As already specified from the Academics Branch, the weight-age of the Evaluation has been revised for this semester as follows:

- 25% Internal
- 50% Tests (Continuous evaluation throughout the semester)
- 25% End term theory Examination

During the display of the result on the web portal, the marks are being shown as follows:

- External 75 (25 End term theory Exam + 50 Tests) and
- Internal 25 (Internal)

As it is mandatory to qualify/pass the end term theory examination (securing min 40% out of 25) to pass in a particular subject paper, therefore, the marks obtained in the Tests (out of 50) have been added only in such cases where the student has secured min 10 marks i.e. 40% out of 25. The students who could secure less than 10 i.e. 40% in end term theory exam have not been shown their respective marks obtained in Tests (out of 50). As soon as, a student secure the minimum passing marks in end term theory exam, the result will be updated by adding the marks obtained in the Tests (out of 50).

It has been done to align the software requirement of the web-portal to adjust the display the marks on the standard pattern of 75:25. However, notwithstanding above, the marks obtained by the students in the Tests (out of 50) will be soon reflected on the web-portal separately for information.

All concerned are hereby informed accordingly.
