### **Subject: Gender sensitization**

Gender sensitization presides over gender sensitivity, the modification of behaviour by raising awareness of gender equality concerns. Gender sensitization may be seen as "the awareness informed propensity to behave in a manner which is sensitive to gender justice and gender equality issues. 45 students of Vividha club staged a play based on the life and difficulties faced by a woman in the society. The event was attended by many male persons and females from Faridabad and was highly appreciated by all.
